To Whom It May Concern:

This letter confirms our willingness to be an additional site and participate in the Investigating Task-Switching Costs Using the CVOE Task study with Dr. Mark Huff and Mr. Nicholas Maxwell. Ronald L. Schwartz, MD, CPI, has agreed to allow his patient population the opportunity to participate in the computer based assessment.

It is our understanding this study has already been approved by the Institutional Review Board (IRB) of The University of Southern Mississippi. We understand the study is requesting a modification to the original submission by adding Hattiesburg Clinic as a location and some of our staff (Drs. Schwartz, Ms. Kristina Cole, Ms Kayleigh Moring, and Ms Julia Starrett) as additional persons participating in the study.

Prior to providing data, we must receive a copy of the updated IRB approval.

If you have any questions or need further information, please contact Joy Yates, Assistant Administrator at 601-579-3483 or Joy.Yates@HattiesburgClinic.com.

Sincerely,

Tommy G Thornton, FACMPE
Executive Director
